

LETTERS TO THE EDITOR

No to Buehler dog park

Editor,

I was not aware that Buehler Park was being considered as a location for the proposed animal shelter until I read the pro and con letters in your paper.

As a former member of

the Rolla Park Board, I can tell you, that is a very bad idea. Buehler Park is too small for further encroachment, and such a plan would totally ruin the picnic and playground functions.

This park was named and dedicated to the memory of a 20th century leader who helped make our city what it has become today.

I would hope that the good citizens who saved the park from becoming a Cracker Barrel, would again rise up and keep it from becoming a dog pound.
